Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting 5,000,000 funding for DFW airport improvement projects in fiscal year 2024. The entity to receive funding for this project is DFW Airport located at

2400 Aviation Drive
DFW Airport, TX 75261

The funding would be used for Terminal D SMART Building Controls & Energy Efficiency Enhancements. The project is an appropriate use of taxpayer funds because this project will increase energy efficiency and lower operating and maintenance costs for the airport. The project has a Federal nexus because the funding provided is for purposes authorized by Airport Improvement Program (AIP).

I am requesting 2,000,000 for a Mobile Command Post. mobile command post, used during natural disasters, terrorist attacks or other catastrophic failures, is a rapidly deployable mobile on-site platform for command, control, and communications.

I am also seeking \$2,000,000 for DFW Airport is also seeking funding for two mobile bomb squad response vehicles. These vehicles would improve efficiency and effectiveness in communication between traffic control towers, incident command, and first responders, while also ensuring the safety of the airport's officers.

Both of these projects qualify for COPS grants.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Beth Van Duyne
Member of Congress
